EMPLOYMENT HISTORY

Ethics Technical Leader (ETL), Software Engineer
Allegheny College (August 2020 - May 2021)
Meadville, PA

- Worked on an in-house grading tool called GatorGrader, using Python and pytest
- Collaborated with a team via Slack and GitHub under an Agile scrum framework.
- Contributed to the documentation and worked on pytest cases

IT Intern
Duchesne Academy of the Sacred Heart
(August 2015 - May 2019)
Houston, TX

- Received a Toshiba (now Dynabook) certification every year to perform regular hardware and software repairs on Toshiba computers (models Portege Z10T, Z20T, X20W)
- Trained to diagnose and attend to issues with Office365, Windows, Clonezilla, and Actiontec technologies in a HelpDesk environment
- Maintained and updated inventory, repair documentation, and training materials

Code Instructor
Code Ninjas Tanglewood (May 2019 - August 2019)
Houston, TX

- Created lesson plans for curriculum geared around programs like MIT's Scratch and organized scheduling for day camps geared to children aged 5-14 years old
- Maintained the cleanliness of the facility and created a safe learning space for the children by supervising them and mediating any arguments

VOLUNTEER EXPERIENCE

Bonner Service Leader, Site Coordinator, & Math and Science Teacher
Dr. Martin Luther King Jr. Program PA 21st CLCC
(August 2019 - Present)

- Prepared Science and Math lessons, facilitated the online learning platform via Microsoft Teams, and the in-person school year programming for the mentoring program for 7th and 8th grade students at Meadville Area Middle School
- Assisted the Director in preparing and submitting regular fiscal and program reports, preparing documentation and marketing materials for the program, and corresponding regularly with representatives from the Pennsylvania Department of Education
